[Description](#)

Bangladesh Customs under the National Board of Revenue is responsible for the Customs clearance process of imported goods. The procedure includes submission Bill of Entry in the Customs online system, documentary checks, importability assessment, physical inspection (for selected consignment), duty-tax assessment, duty-tax payment, etc. After duty-tax payment, the importer releases the goods from the port by completing the necessary port clearance procedure. As the Department of Fisheries (DoF) is the regulatory agency for the export-import of fish and fish products, it issues Import Permit (IP) and No Objection Certificate (NOC) before goods are imported. All these documents are checked by Customs and the goods are released.

[Fees & Charges](#)

- Document processing fee: BDT 30.00 per Bill of Entry (Customs).
- Other applicable fees and charges are realized by the concerned port authority.
