Detail Process for Importing Fish Hormone- Drug

Step 1: Obtain Trade License

Trade license is a mandatory document to start any business in Bangladesh. A business needs to declare itself as an importer in trade license. Trade License is issued by City Corporation or Municipality's relevant office (e.g., Union Parishad or Pourashava). An importer has to take Trade License from the area where his business is located.

Step 2: Become a member of a Chamber of Commerce or a Trade Association

It is mandatory to be a member of a Government-authorized Chamber of Commerce or Trade Association for import, as per the Import Policy Order 2021-24. The list of authorized Chambers of Commerce can be found here: [Registered Chamber of Commerce](#) . The list of Trade Associations can be found here: [Licensed Trade Association](#)

Step 3: Obtain Import Registration Certificate

Import Registration Certificate (IRC) is mandatory for import of any product, according to the "[The Importers, Exporters and Indentors \(Registration\) Order, 1981](#)". Currently, the Office of the Chief Controller of Imports and Exports (CCI&E) is providing the certificate. The detail process and requirements of obtaining the certificate can be found here: [Click](#)

Step 4: Obtain Category 2 License

It is necessary for a fish feed hormone importer to take category 2 License from District Fisheries Office. The License permits an importer for importation of fish, fish feed, fish feed ingredients, fish hormone, and aqua inputs.

The process of obtaining the License can be found here: [Click](#)

Step 5: Obtain Pro-forma Invoice

It is mandatory to have Pro-forma Invoice for import according to Import Policy Order 2021-24. An importer sends a written request to seller for information regarding the price and the terms on which the seller will be able to supply goods. In reply to this enquiry, the importer will receive a quotation from the exporter which is generally known as Pro-forma Invoice (PI).

Bangladesh Bank has published a circular, containing the requirements for Pro-forma Invoice. The circular of Bangladesh Bank can be found here: [FE Circular Letter No. 10 dated September 18 2021](#)

Step 6: Obtain No Objection Certificate (NOC) from Department of Fisheries (DoF)

In order to import fish, fish feed/meal and ingredients, fish hormone, fish feed supplement and all types of aqua inputs, the importer must apply to DOF for a NOC, seeking permission to import.

The process of obtaining NOC can be found here: [Click](#)

Step 7: Obtain No Objection Certificate (NOC) from Directorate General of Drug Administration (DGDA)

Importers of drug category aqua inputs are also required to obtain a No Objection Certificate (NOC) from the Directorate General of Drug Administration (DGDA) in Bangladesh. The DGDA is responsible for regulating and overseeing the import, manufacture, and distribution of drugs and medical products, including aqua inputs classified as drugs
